SMITH ROCK STATE PARK

10 hours - nonstop climbing

October 12

7am-5pm

10-Hour Crushfest Comp OFFICIAL RULES

- Team members cleanly lead as many pitches as possible between 7AM and 5PM. Only redpoints and onsights count for points, you must pull your rope between all attempts.
- No gear can be pre-placed on trad climbs. Stick-clipping the first bolt is ok.
- No points are awarded for following a pitch, but both climbers may lead the same pitch.
- Each team member may lead a specific pitch (for points) just one time. You have infinite redpoint tries.
- Pitches with 4 or more protection bolts are "sport climbs" for the purposes of points.
- Climbing an extension still only counts as one pitch, but the higher grade is used for points. Linking two pitches (as defined by the guidebook) is counted as two individual pitches.
- Unlisted grades (in the table below) are worth the average value on either side for (ex: 5.10b sport = 18). For '+' or '-' grades, '+' = d, '-' = a.
